Halvorsen Robotics - Employee Handbook (2026 edition)

Paid time off

Full-time employees at Halvorsen Robotics receive 27 days of paid time off per calendar year. Up to 6 unused days may be carried over into the next year, but carried-over days expire on 31 March. Employees who have been with the company for more than five years receive 3 additional days.

Hybrid work policy

Halvorsen Robotics follows a hybrid model. Every employee must be in the Trondheim office on Tuesdays and Thursdays, which are the designated collaboration days. The remaining days may be worked remotely with manager approval.

Equipment stipend

New hires receive a one-time home office equipment stipend of EUR 740. The stipend is refreshed every three years. Receipts must be submitted through the internal tool called Ledgerbird within 60 days of purchase.

On-call compensation

Engineers on the on-call rotation receive EUR 95 per weekday on call and EUR 160 per weekend day on call. A rotation lasts one week and is handed over every Monday at 10:00 local time.
